

CTC COMPLETE WIFI

CTC Complete WiFi gives you an instant snapshot of your home or small business network. Through the app, you can view all the connected devices on your network, set up parental controls or a guest network, run speed tests, change your SSID and password, and more. CTC Complete WiFi puts you in charge!

Visit www.goctc.com/wifi to get a download link, quick start guide, and more!

Welcome to CTC COMPLETE WIFI

Control your home and
secure you life.

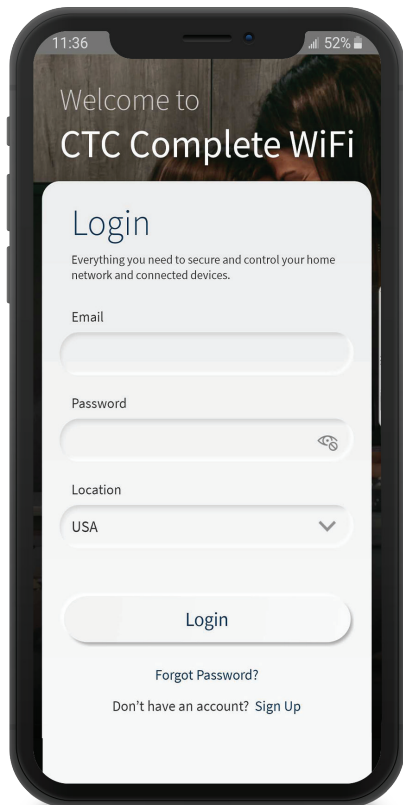

WHAT IS CTC'S MANAGED WIFI?

It's WiFi Unleashed! Safe, fast, reliable Internet service that covers your whole home.

Managed all from the palm of your hand with the CTC Complete WiFi app and powered by the CTC's Managed WiFi.

WHY DO I NEED IT?

Get and stay connected the easy way! CTC Complete WiFi provides your worry-free solution for the ultimate WiFi experience. For only pennies a day, you can have a reliable WiFi experience with none of the stress.

CTC's Managed WiFi gives you peace of mind with 24/7 remote support and, if we can't resolve your issue remotely, we'll come to you, during business hours, at no extra charge. Put your WiFi experience in the hands of the CTC team.

The Ultimate WiFi Experience comes with:

- Installation of the system and service, optimization of your entire home WiFi network, and connection of your devices.
- 24/7 remote support
- Automatic WiFi security updates
- FREE repair and replacement: if your system stops working, we'll replace it free of charge
- FREE WiFi assessment: as part of your installation, we'll make sure you have coverage where you need it
- FREE onsite support: if we can't fix it remotely, we'll come to you, no trip charge.
- Set up of your mobile app: with CTC Complete WiFi you can control your network with this easy to use app

WHY DOES MY CURRENT WIFI HAVE PROBLEMS?

There are several key factors that impact your internet and WiFi performance:

- An old router with outdated firmware can be a primary cause of speed and performance issues. With CTC's managed service, we make sure you have the latest technology and that it stays updated with the latest firmware and security.
- The placement of your old router could be causing problems as well. We'll make sure your new WiFi system is ideally located to ensure seamless wall-to-wall coverage.
- Weak signals from inexpensive WiFi solutions can cause significant coverage problems. CTC's new CTC Managed WiFi ensures a consistently strong signal throughout your home and business.
