

Temporary Drop Agreement

This document serves as an agreement for a temporary fiber optic cable installation ('temp/temporary drop') between Consolidated Telephone Company (CTC), located at 14385 Edgewood Drive, Baxter, MN 56425 and

_____ located at _____.

Member Name (printed)

Service Address

Both parties agree to the following temporary cable drop process, *prior* to service installation:

1. Due to unfavorable ground conditions (ie. snow, mud, frozen ground, etc.) and the inability to bury the fiber optic cable, CTC will place a temporary cable on top of the member's property/ground. Note: there is a one-time fee of \$149.99 to install a temporary drop.
2. CTC will bury the cable underground the following spring or as soon as ground conditions are satisfactory. Note: due to the unpredictability of Minnesota's winter and spring weather, CTC is unable to preschedule a date for the cable to be buried.
3. CTC will contact the member in the spring/early summer to schedule that cable installation and the member's cable will be buried as soon as possible, but no later than July 31st.

Note: Weather conditions may cause slight disruption to your yard during construction. For instance, in unseasonably dry conditions or overly wet conditions it may take more time than normal for the repaired area to fully recover from the construction.

By signing below, both parties agree to the terms of this agreement.
